2012 US Cup Racing Calendar

The US Cup is pleased to announce its 2012 event calendar.

For next year, the US Cup will also offer an “amateur” Triple Crown series in which CAT 1 open riders can compete in short track, super D, TT and XC events on the weekend.

We will also offer three fifty mile events in conjunction with our cross country racing for riders looking to get in more miles on the pedals. The first two fifty mile events of the year are likely to be a part of USA Cycling’s Pro UET series calendar, and details will be available at a later date.
